

AUTUMN QUARTER 2018

Undergraduate Research Intensive for Incoming Community College Transfer Students

Plan and Prepare for Undergraduate Research!

GENERAL STUDIES 391 K (2 cred) | SLN: 15505

Weekly class sessions (Fridays, 12:30-1:50 PM)

The Undergraduate Research Intensive designed for incoming transfer students is a weekly class designed to help transfer students attain and excel in undergraduate research positions. The course will demystify the research process at UW and provide instruction in research-related skills and resources. All students receive one-on-one advising with URP staff and interact with peer researchers.

- ◆ *Registration limited to incoming community college transfer students.* ◆
- ◆ *All fields & majors are welcome!* ◆ *No prior experience needed!* ◆
